

Add the numbers and write the Sum in the space provided below

The image features a circular game board divided into 8 equal segments by four diameters. Each segment contains an addition problem. Surrounding the board are seven floating bubbles, each also containing an addition problem. The bubbles are colored in a gradient from white to blue.

Game Board Segments (clockwise from top-left):

- Segment 1:
$$\begin{array}{r} 3 \\ +6 \\ \hline \end{array}$$
- Segment 2:
$$\begin{array}{r} 5 \\ +3 \\ +2 \\ \hline \end{array}$$
- Segment 3: $9+5=$ _____
- Segment 4: $5+3=$ _____
- Segment 5:
$$\begin{array}{r} 7 \\ +2 \\ +1 \\ \hline \end{array}$$
- Segment 6:
$$\begin{array}{r} 3 \\ +1 \\ \hline \end{array}$$
- Segment 7: $2+4=$ _____
- Segment 8: $2+5=$ _____

Surrounding Bubbles (clockwise from top-left):

- Bubble 1:
$$\begin{array}{r} 3 \\ +5 \\ \hline \end{array}$$
- Bubble 2:
$$\begin{array}{r} 4 \\ +5 \\ \hline \end{array}$$
- Bubble 3:
$$\begin{array}{r} 6 \\ +5 \\ \hline \end{array}$$
- Bubble 4:
$$\begin{array}{r} 5 \\ +5 \\ \hline \end{array}$$
- Bubble 5:
$$\begin{array}{r} 7 \\ +5 \\ \hline \end{array}$$
- Bubble 6:
$$\begin{array}{r} 8 \\ +5 \\ \hline \end{array}$$
- Bubble 7:
$$\begin{array}{r} 7 \\ +5 \\ \hline \end{array}$$
